APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
 and do hereby grant the same, subject to the following limitations and
 conditions:

This permit is issued subject to all existing rights on
 the source. It is understood that the water right must allow for a
 reasonable lowering of the static water level at permittees well due
 to other ground water development in the area. A substantial weir
 or other type of measuring device must be installed and measurements
 of water use kept. The State retains the right to regulate the use
 of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
 which can be applied to beneficial use, and not to exceed 3.0
 cubic feet per second.
